Acc. No : 47453

Call No : 001.4226 SRI-S

Data Visualization, Storytelling Using Data explains data insights through visuals and shows how to make them compelling and comprehensible through real-world examples. It provides a roadmap that covers everything from understanding why data visualization and storytelling are important to learning how to visualize data and communicate it to an audience effectively. This book attempts to provide students and industry professionals with a practical method for mastering data storytelling skills. The concepts and examples presented will help intermediate and advanced users learn how to think with data, the know-how of data visualization, and tell a story with data on real-life business problems. This book can be used to learn and teach basic concepts of data visualization and data story...

# How to Compete in the Age of Artificial Intelligence

Implementing a Collaborative Human-Machine Strategy for Your Business

Soumendra Mohanty  
Sachin Vyas

Apress®

Acc. No : 47518

Call No : 004.019 MOH-S

Get started with artificial intelligence in your business. This book will help you understand AI, its implications, and how to adopt a strategy that is rational, relevant, and practical. Beyond the buzzwords and the technology complexities, organizations are struggling to understand what AI means for their industry and how they can start their journey. How to Compete in the Age of Artificial Intelligence is not a book about complex formulas or solution architectures. It goes deeper into explaining the meaning and relevance of AI for your business. You will learn how to apply AI thinking across enterprise functions including disruptive technologies such as IoT, Blockchain, and cloud, and transform your organization. What You'll Learn Know how to spot AI opportunities and establish the right organizational imperatives...

VICTOR M. PARACHIN

108 DAYS OF  
MINDFULNESS

For sale in the Indian Subcontinent only

Acc. No : 47746

Call No : 153 PAR-V

Practice mindfulness and unleash your power to respond rather than react and to act intentionally rather than habitually. This book presents mindfulness teachings via short insights or meditations. All too often we forget to be present. We neglect to be mindful when eating, listening, speaking, working, studying, seeing the sunrise and the sunset, being with friends, or sipping a cup of tea. As a result, we fail to live our lives to the fullest potential and experience the joy of living. The Buddha, who was the planet's most prominent practitioner of mindfulness, taught this technique to others. Think Like the Buddha offers reflections for 108 days of mindfulness. The stories and lessons are brought together to provide insight, information, instruction, and inspiration for the reader to cultivate this practice...

# SPARK

**Journey from Success to Significance**

Acc. No : 47790

Call No : 158 JAM-A

In a world vigorously chasing classic ideals of success, find your spark and become significant. Your journey starts here. Meet Steve, a hotshot lawyer fighting to climb the corporate ladder in this inspiring fable. His life transforms seemingly overnight as he is sent to India for a task he considers pointless. But things quickly fall apart. Steve, forced to reconsider his path, realizes that the curveball life has thrown at him is an opportunity to find his true purpose. This spiritual odyssey is about to transform him beyond his wildest dreams. A powerful lesson follows each chapter, making up the spark that transforms Steve's life, Selflessness, Purpose, Attraction, Resilience, and Knowing. This SPARK is hidden within you too. It may be dormant now, but awakening to it will catapult you from the Present You to the...

# PRACTICE OF BUSINESS ETHICS

Case Study of  
*Johnson & Johnson*

 World Scientific

Acc. No : 47680

Call No : 174.4 TAK-H

This book is an excellent book on business ethics and will be an invaluable resource for all readers who are keen to learn about the business ethics and key characteristics of a successful company. It focuses on the case study of a global company, Johnson & Johnson, which oversees more than two fifty operating units throughout the world. Through extensive interviews with top executives at Johnson & Johnson headquarters, including Masami Atarashi and Mitsuo Hirose, and attending workshops, Prof Hiroo Takahashi acquired an in-depth understanding of the management style of Johnson & Johnson, grasped the company's ethics and the code of business conduct which is shared by Johnson & Johnson members throughout the world. It is a healthcare company consisting of various...

# Vasudeva Krishna and Mathura

Meenakshi Jain

Acc. No : 47843

Call No : 294.5350 JAI-M

This work examines the antiquity of image worship in India. Its main focus is the Bhagavata religion that evolved around Vasudeva Krishna of the Vrishni clan. At Mathura, several noteworthy archaeological finds dated to the early Common Era were recovered from the site of Katra Keshavadeva. In the medieval period, Katra Keshavadeva was subjected to repeated devastation, beginning with that by Mahmud Ghaznavi in 1071 CE. However, within a century a temple dedicated to Vishnu was built at Katra Keshavadeva. Thereafter, the story of destruction followed by construction was repeated over and over again. In the early 17th century, the Keshavadeva temple was rebuilt by Bir Singh Deo Bundela. In 1670, the Mughal emperor, Aurangzeb ordered its destruction. An Idgah was built at the...

Acc. No : 47322

Call No : 305.89481 MAN-K

This volume is a thematic study of the work and ideas of Periyar E V Ramasamy. It analyses Periyar's emancipatory, irreverent, and revolutionary critique of religion using the idea of political atheism. Drawing extensively from Periyar's writings, contemporary accounts of Dravidian politics, and the theory of Anarchism, this groundbreaking study provides a new perspective on Periyar's engagements with religion, caste, and their collaborations with the state. Periyar is not just a new appraisal of Periyarism but a reminder of its continuing significance in global conversations on justice, equality, and liberty. The ideas of Periyar have rarely been subject to serious and non-polemical analysis outside Tamil Nadu nor have his voluminous Tamil writings been contextualized in Indian...

**Acc. No : 47333**

**Call No : 320.011 DWI-D**

**The Public Sphere from Outside the West brings together established and emerging new voices from philosophy, literature, anthropology, history, migration studies, and information technology to address the present reality of the public sphere. In the age where everyone is in public and everything is visible, this volume creates a delay in which the Internet of things, mass surveillance, and social media are asked What is/not the Public? The essays bring to attention the formation of geopolitically and historically distinct public spheres from South Africa, India, America, and Europe. Such formations are found not only in the postcolonial histories of print, photography, cinema and caricature but also those underway in the digital era, such as the Arab Spring, Occupy movements and...**

# Money, Banking, Financial Markets and Institutions

Michael W. Brandl

Acc. No : 47389

Call No : 332 BRA-M

Unlike other money and Banking texts, where the discussion of the macro-economy is left to the end in a confusing blur of IS-LM and as-ad models, brand S money, Banking, financial markets, and institutions examine the macro-economy early. The author does so in a clear concise manner using only the as-ad framework. With the recent economic crisis as a backdrop, the book demonstrates links between the macroeconomic coursework that students have just completed and your money and Banking course. While other similar books gloss over important topics, such as money markets and investments, this text examines these markets and entities using an interesting, thought-provoking approach. The author goes beyond merely describing these markets and institutions to bring...

# BIGGEST EXPERIMENT

A HISTORY  
OF THE  
CLIMATE CRISIS

# ALICE BELL

BLOOMSBURY

Acc. No : 47825

Call No : 363.7387409 BEL-A

The history of climate change research how the world became addicted to fossil fuels, how we discovered that electricity may be our savior, and how renewable energy is far from a 20th-century discovery. Did you know the link between carbon dioxide and global warming was first suggested in the 1850s? Climate change books are usually about the future, but *Our Biggest Experiment* instead asks how we got into this mess, and how and when we worked out it was happening. Join Alice Bell on a rip-roaring ride through the characters, ideas, technologies, and experiments that shaped the climate crisis we now find ourselves in. From an emerging idea of greenhouse gases in the 19th century and, via scientific expeditions across oceans and ice caps and into space, the coining of the term...

# BE A SUPER LEARNER

# LINEAR ALGEBRA A MODERN INTRODUCTION

Thomas Baxter

Acc. No : 47337

Call No : 512.5 BAX-T

Linear algebra is a field of mathematics that is universally agreed to be a prerequisite to a deeper understanding of machine learning. Although linear algebra is a large field with many esoteric theories and findings, the nuts and bolts tools and notations taken from the field are practical for machine learning practitioners. With a solid foundation of linear algebra is, it is possible to focus on just the good or relevant parts. In algebra, a determinant is a special number associated with any square matrix, that is say, a rectangular array of numbers where the number of rows and columns are equal. The fundamental geometric meaning of a determinant is a scale factor for measuring when the matrix with twice the area. Determinants are important both in calculus, where they enter the...

# Geometry Revisited

H.S.M. Coxeter  
and S.L. Greitzer

 MAA PRESS

An Imprint  
of the  
AMERICAN  
MATHEMATICAL  
SOCIETY

Acc. No : 47276

Call No : 516 COX-H

Among the many beautiful and nontrivial theorems in geometry found in *Geometry Revisited* are the theorems of Ceva, Menelaus, Pappus, Desargues, Pascal, and Brianchon. A nice proof is given of Morley's remarkable theorem on angle trisectors. The transformational point of view is emphasized: reflections, rotations, translations, similarities, inversions, and affine and projective transformations. Many fascinating properties of circles, triangles, quadrilaterals, and conics are developed. This course presented early in the student's secondary school career is usually his sole exposure to the subject. In contrast, the mathematically minded student has the opportunity to study elementary algebra, intermediate algebra, and even advanced algebra. It is natural, therefore, to expect a bias in...

# PRINCIPLE OF BIOINORGANIC CHEMISTRY

Roland Bowen

Acc. No : 47179

Call No : 572.51 BOW-R

Bioinorganic chemistry is at the gateway of inorganic chemistry and biochemistry, i.e. it describes the mutual relationship between these two sub-disciplines, with a focus upon the function of inorganic substances in living systems, including the transport, speciation, and eventually, mineralization of inorganic materials, and including the use of inorganic in medicinal therapy and diagnosis. Bioinorganic chemistry is a field that examines the role of metals in biology. Bioinorganic chemistry includes the study of both natural phenomena such as the behavior of metalloproteins as well as artificially introduced metals, including those that are non-essential in medicine and toxicology. Many biological processes such as respiration depend upon molecules that fall within the realm of inorganic...

The key areas of interest are bioremediation, microbial communities, pathogen detection, wastewater treatment, energy generation, bioprocesses, and natural product discovery. Environmental microbiology must interact with hydrology, biogeochemistry, limnology, oceanography, and numerical modeling. Environmental biotechnology is a stream in science that deals with microorganisms for environmental improvements. It primarily focuses on improving biological systems. It is a cross-disciplinary where the experts focus on creating new products, analyzing them and their relationships which helps in...**

DR MUKESH BATRA 

# The Nation's Homeopath

How Dr Batra's®  
Became the World's  
Largest Chain of  
Homeopathy Clinics

Acc. No : 47787

Call No : 615.532092 BAT-M

If you think of homeopathy in India, one name springs to mind Batra's. From humble beginnings with a clinic in Chow patty, Bombay in 1982, Dr Mukesh Batra put homeopathy on the world map by starting over 200 clinics in seven countries and 150 cities of India in the next four decades. The Nation's Homeopath is an unusual tale of entrepreneurship, risk appetite, resilience, and self-belief. In the early eighties when India was still a decade away from liberalization, and loans were not readily available, Dr Batra borrowed money at a staggering interest rate of 36 per cent per annum. All based on the strong conviction that his business would work out. Not only did the business succeed, but Batra's became a household name. Dr Batra's life has been eventful. For decades, he has...

# On the Pickle Trail

100 RECIPES  
from around  
the World

innovate

achieve

lead

Acc. No : 47781

Call No : 641.5954 GUJ-M

Pickling is one of the oldest and healthiest methods of preserving and consuming vegetables and fruits. Pickles are usually fermented in a way that they aid digestion and improve gut bacteria. They enhance food flavors and are available throughout the year. However, most of us do not pickle things ourselves; instead, we buy them off the shelf. Packaged pickles do not have the same health benefits as the ones made at home and can do more harm than good. In this book, Monish Gujral brings together a collection of 100 pickles to start you on your journey of pickling. These recipes are not only simple and easy to make, each also has health benefits. From the Italian Giardiniera pickled vegetables to the Israeli Torshi Left white turnip pickle, from the Gari Japanese ginger pickle to the Cebollas Encyrtids...

# Secrets to Winning at Office Politics

HOW TO ACHIEVE YOUR  
GOALS AND INCREASE  
YOUR INFLUENCE AT WORK

**Marie G. McIntyre, Ph.D.**

Acc. No : 47877

In this sexy, pure, and radiant story *Out*, Philippe chances upon a young man outside a hotel in Bordeaux who bears a striking resemblance to his first love. What follows is a look back at the relationship he's never forgotten, a hidden affair with a boy named Thomas during their last year of high school. Thomas is the son of a farmer; Philippe is the son of a school principal. At school, they don't acknowledge each other. But they steal time to meet in secret, carrying on a passionate, world-altering affair. Despite the intensity of their attraction, from the beginning, Thomas knows how it will end: Because you will leave and we will stay, he says. Philippe becomes a writer and travels the world, though as this tender, sensuous novel *The New York Times Book Review* shows, he never lets go of the...
