

Student Awards EEE Department

Annually, the EEE Department confers awards for its final year students under the following three categories. All those students (dual as well as single degree students) who are in their final year of course work are eligible to apply for these awards. The head of the department shall circulate a notice through IPC, which shall also be displayed on the EEE department notice board as per the schedule mentioned below.

The three award categories are:

1. Best graduating Student
2. Best Girl Graduating student
3. Prof. K.E. Raman Award

Category 1 and 2 are sponsored under the L.K.M. Foundation while the 3rd one is in the name of Prof. K.E.Raman and sponsored by Prof. Laksh Samavedam.

Eligibility Criteria:

1. Only the students of BITS Pilani, Pilani campus, EEE department are eligible for these awards.
2. The student must have registered in his final year of the U.G. program. (7th Sem. in the case of Single degree and 9th Sem. in case of dual degree students)
3. Both the single and dual degree students are eligible for the award.
4. For category-1 all the students (EEE/INSTR) are eligible.
5. For category-2 only the girl students of EEE/INSTR are eligible.
6. For category-3 only the students of INSTR are eligible.

Procedure for nomination and scrutiny of applications

1. Notice shall be put up inviting applications for the award categories mentioned above in the third week of August (as soon as the registration process for the first semester is completed).
2. Notice shall be displayed on the EEE Notice board as well as sent on an e-mail to the final year students through IPC.
3. Students will nominate themselves (self-nominations) for the awards. As mentioned earlier, they can nominate for more than one category through a single application.
4. Once the applications are received, shortlisting shall be done (this is optional, to be done when the number of applicants is more).
5. Then the applicants are scored based on academic accomplishments, co-curricular and extra-curricular activities.
6. After the scores are done, the POC (Point of Contact, some faculty member from the EEE department) shall call each of the applicants in person for certificate verification to verify the claims made by the student in the application.
7. In case a student is out of campus (maybe in a PS station/Thesis abroad) then with the permission of the HoD, the POC can ask for alternate modes of certificate verification.
8. The final decision shall be revealed on the day of the award ceremony which will be announced by the HoD.

Distinguished Alumnus Award

The EEE Department's Alumnus Award is a Biennial award, conferred to honor the students of the EEE Department for their outstanding contribution to their contributions and achievements in the field of science, engineering, and technology. The award is constituted under the L.K.Maheshwari foundation. The latest recipient (for the year 2019) of this award is **Prof. Rajiv Gupta** and **Prof. Ramesh Harjani**
