

GIS Day 2022 @ BPDC

'GIS day 2022' was held successfully on 29th November at the Department of Civil Engineering, Birla Institute Of Technology and Science, Pilani Dubai. The guest speakers Ashwani Rawat, Abhijit Doshi and Subhi Haddad and their respective teams presented great insights on several topics in Geographic Information Systems - a niche interdisciplinary area in Civil Engineering that is gaining immense prominence in the modern world.

The students were not only exposed to the immense growth prospects in this field, but also had the opportunity to discuss the technical nuances of real-life projects and present their Lab-based Projects on Map Creation in ArcGIS software in front of the eminent experts.
