An Institution of Eminence

National Academia-Industry Workshop on Mechanochemistry for Sustainable Synthesis (NWMSS)

Organized by: Department of Chemistry,
BITS Pilani KK Birla Goa Campus

About the Workshop

Provides a comprehensive overview of recent advances in mechanochemistry as a sustainable approach to chemical synthesis, focusing on pharmaceutical & agrochemical sectors.

Hosted by the Department of Chemistry at BITS Pilani, K K Birla Goa Campus, renowned for its cutting-edge research, state-of-the-art facilities, and academic excellence.

Features a hands-on workshop in ball milling conducted by experts, bringing together academia and industry.

Registration is open to PhD Scholars, Master Students, Faculty and Industry professionals

Coordinators

Prof. Amrita Chatterjee
✉ amrita@goa.bits-pilani.ac.in

Prof. Mainak Banerjee
✉ mainak@goa.bits-pilani.ac.in

Research Topics

Green Chemistry

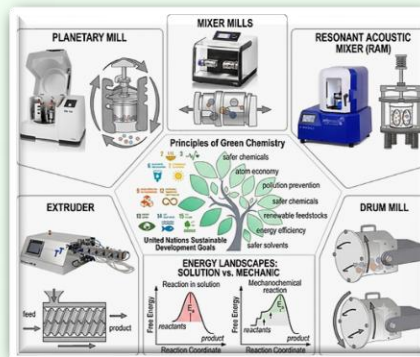

Sustainable Synthesis

Mechanochemistry

New Milling Technologies

Workshop Highlights

International Speakers
Workshop by Industry Experts
Meet Experts & Gain Knowledge
Present your work and ideas

Last Date of Registration:
28th October 2026

Acceptance of Posters will be
sent by 31st October 2026

Keynote Speaker

Prof. Andrea Porcheddu
University of Cagliari,
Italy

Event Details

Date: 3rd November 2026

Venue: DLT-9,
BITS Pilani, K K Birla Goa Campus

Time: 10:00 AM onwards
