BITS Pilani to organize open day to showcase their latest research, prototypes, installations for general public

As part of the culmination of celebrations to mark 20 years of the K K Birla Goa Campus, BITS Pilani is organizing an Open Day on November 23 from 9 am to 5 pm. All the departments in the campus, which includes Engineering, Sciences, and Humanities and Social Sciences will showcase and present their research and other achievements through posters, models, demonstrations, installations, prototypes and much more.

Know the biological systems - from molecules to cells to the organismal level; see the world of chemistry of colours, fluorescence, printing, reaction kinetics; find out how the legendary mathematicians shaped the world of mathematics; discover thrilling demonstrations of fundamental physics concepts

through interactive experiments; go through the prototype of chemical industry; learn how robotic arm, car driving simulator, spiderbot, 4-legged robot, 8 bit computer, rover and snake bot works; witness a robot demo, design analysis software demo, violin show; go around the climate change lab, sea traffic lab and the media lab. Various student clubs of the Institute which includes SEDS Celestia (astronomy club), Project Einsat (satellite club), Society of Automotive Engineers, Aerodynamics Club, Electronics and Robotics Club, Project Kratos (Mars rovers) and many others, will also showcase their innovations and creations.

This will be an opportunity for educational institutions, colleges, schools (class 9 onwards), and researchers to register and visit the campus to witness the educational ecosystem of BITS Pilani and to get a feel of the research, teaching and innovation that is being groomed in the campus. It will also give an opportunity for young minds to nurture and re-imagine their dreams.
