

NATIONAL CONFERENCE ON EMERGING TRENDS IN VACUUM ELECTRONIC

DEVICES & APPLICATIONS (VEDA 2026)

December 20–22, 2026. at BITS-Pilani, Hyderabad Campus

FIRST ANNOUNCEMENT

LAMBDA, Department of EEE, BITS-Pilani, Hyderabad Campus jointly with the Vacuum Electronic Devices & Applications Society (VEDA-S), Bangalore, is organizing the **21st National Conference on Emerging Trends in Vacuum Electronic Devices & Applications (VEDA-2026)**, during December 20–22, 2026. The conference aims to provide a networking platform for researchers and professionals from R&D, academia, industry, and students to share their work & experience in the broad area of vacuum electronic devices and applications.

The first day of the conference will cover a comprehensive tutorial on design and development aspects of vacuum electronic devices and systems. The subsequent two days will feature plenary sessions, invited talks by renowned experts, and presentations of contributed papers, addressing a wide range of topics in vacuum electronic devices and their applications.

The Vacuum Electronic Devices & Applications Society (VEDAS) Awards

*The Lifetime Achievement Award, *Mid-Career Award, and *Padma Bhushan Dr. Amarjit Singh Young Scientist Award will be presented during the conference.

Call for Papers

Researchers are invited to submit abstracts¹ of work on the following subjects in vacuum electronic devices and applications.

Subject Tracks

- Vacuum Electronic Devices (VEDs): Magnetrons, TWTs, Klystrons, EIK, Gyrotrons, Multi-beam Devices
- High-Power Microwave (HPM) Devices: Vircator, BWO, MILO, Rel. Klystron, etc
- Vacuum-microelectronic mm-wave & THz devices
- Plasma-Assisted Devices and Plasma Thrusters
- Microwave power modules, TR- Modules and Transmitters
- VED based Systems & Applications: Defense, Space, Radar, Telecommunications, Particle Accelerators,
- Microwave systems for Industrial, Scientific & Medical app.
- High-Voltage and Pulsed Power Systems
- Cathodes: Thermionic, Field Emission, and Explosive Emission types
- Computer-Aided Design; Optimization & AI Techniques
- Cold & Hot Microwave Measurements
- Electron Tube Fabrication and Vacuum Technologies
- Advanced RF Materials, Metamaterials and Metasurfaces

Important Dates

Submission of Abstracts	Aug 15, 2026
Notification of Acceptance	Sep 15, 2026
Camera-ready Abstract Submission	Oct 15, 2026

Registration Fee

Industry & R&D Delegates	₹ 9,000
Academia Delegates	₹ 6,000
Student Delegates & Retired Professionals	₹ 1,000
VEDA-S member discount	10%
Early Bird discount (before Nov 15, 2026)	₹ 500

Conference Website

Conference Secretariat

M. Tejashwini / D. Sai Suryanarayana
✉ veda2026@hyderabad.bits-pilani.ac.in
☎ 040 - 66 303 878 / +91 - 9000 55 6061

Convener - Prof. Harish V. Dixit

✉ hvdixit@hyderabad.bits-pilani.ac.in
☎ 040 - 66 303 650 / 950

¹The abstract format and payment details will be announced soon.

Sponsorship Opportunities

Industry partners are invited to participate in the event to showcase their products and innovations in vacuum electronic devices, RF, and microwave technologies to conference delegates, speakers, students, and attendees, facilitating meaningful engagement, visibility, and potential collaborations. The conference will serve as a forum for sponsors to effectively present their offerings within the community.

Category	Amount	Privileges
Platinum	₹ 5,00,000	Back cover advertisement in the conference souvenir, logo display on conference banners and stage backdrop; and 5 complimentary delegate passes.
Diamond	₹ 3,00,000	Inside back cover advertisement in the conference souvenir, logo display on conference banners and stage backdrop; and 3 complimentary delegate passes.
Gold	₹ 2,00,000	One full-page colour advertisement in the conference souvenir, logo display on conference banners; and 2 complimentary delegate passes.
Silver	₹ 1,00,000	Half-page black & white advertisement in the conference souvenir, logo display on conference banners; and 1 complimentary delegate pass.
