A great global university founded on science and technology, nurturing leaders and creating societal impact through interdisciplinary education and research.

About the workshop

A hands-on workshop on Team Based Learning (TBL) aims to delve into the notion of collaborative teaching and learning interfacing through the cultural environment. Culture is collective programming of the mind that distinguishes the members of one-group or category of people from that of another. The consideration for collaboration between individual differences based on culture is emphasized in the broad idea of collaborative learning. As a type of collaborative learning, Team-Based Learning (TBL) is a popular form of small group learning that uses a sequence of individual work, group work, and immediate feedback. It encourages active participation, as learners are required to complete pre-readings and be prepared to discuss cases in class. By the end of the workshop, participants will be able to Describe active, collaborative learning and deep approaches to learning, Examine how TBL incorporates principles of effective teaching and learning, Experience TBL as a learning approach.

The workshop commences on 9th May 2024 from 10am to 1pm at BITS PILANI, KK BIRLA Goa Campus. It will be delivered in three phases. Participants will be required to report to the venue on the 9th May at 9.30 am for registration. The first phase of the workshop will be for 2 days i.e. 9th and 10th May 2024 from 10 am to 1pm and will be delivered in hybrid mode . The dates for the second and third phases will be announced in due course of time. Participation **in all three phases of the workshop is mandatory.**

Important information

The workshop is intended for faculty members in service in both technical and non- technical institutions of Higher Education in Goa. Participants **must complete all the three phases of the workshop to receive certification.**

Seats are limited to 60 faculty members on the basis of first come first serve.

Important dates

Last Date for registration : 4th May, 2024

Reporting time for the workshop : 9th May 2024 @ 9.30 am.

About the Departments

Widely recognized as a research and teaching department, the Humanities and Social Sciences at BITS Pilani, K. K. Birla Goa Campus, was established in 2004. Since its inception the department, which also hosted the management stream but was later merged into the Department of Economics, has long been known for its innovations and excellence in teaching and research. The department is dedicated to recruiting faculty members from newer research areas alongside traditional disciplines. It provides support and autonomy to the individual teachers to develop their areas and introduce new courses, particularly in interdisciplinary areas. The expertise of the faculty members range from Shakespearean studies, literary theory, ecocriticism, film studies, meta-cognitive studies, tourism studies to developmental studies, disaster management, environmental social sciences, maritime studies, qualitative psychology, mental health and professional ethics. The department aims at enriching the knowledge and awareness of students in various areas of humanistic and socio-scientific studies and enhancing their creative and critical thinking skills thereby enabling them to become well-rounded human beings, committed to the society, and to excel in their professional and personal lives.

The Department of Economics and Finance offers M.Sc (Hons) Economics as a first degree, Minor in Finance and Ph.D. programme. The diversity of specializations of the departmental faculty has promoted multi-faceted research at the Department and has brought a certain depth to the courses as well. Along with research, the Department recognizes the growing demand for trained manpower in education, industry, government and other sectors as well as nurturing future researchers and specialists in related fields. The teaching methodology seeks to provide students with a strong theoretical and conceptual foundation and to create a continuous interest and involvement with the real life applications of Economics, Finance and Management.
